IMAE has been the best ever happened in my academic professional and personal life Thank you
M.N. - Egypt

IMAE programme was lifechanging in many ways- all of which were rich in experience and with positive outcome!
N.E. - Germany

I would again use this opportunity to give massive thanks to organizers, curators, mentors, fellow students of my cohort for doing hard but very important job educating us. Still to this day I feel priviledged and honored to be part of E(I)MAE journey. Thank you!
